**Associated Technical Documentation:**

Airfilm Camera Systems documentation listed on AML No. SA02734LA, dated 30 September 2020  
Instructions for Continued Airworthiness Airfilm Camera Systems Report No. AFWM-1-008, Revision A,  
dated 09 April 2020

or later revisions of the above listed document(s) approved/accepted on behalf of EASA in accordance with the  
Technical Implementation Procedures of EU/ USA Bilateral Agreement.

**Limitations/Conditions:**

This STC is valid for aircraft types and models approved by EASA and listed on the FAA Approved Model List  
SA02734LA dated 30 September 2020 or later approved revisions.

This STC covers provisions for installation only, the equipment for which these provisions are intended has not  
been EASA certified. An additional EASA approval is required for the installation of any equipment and must be  
evaluated to assure satisfactory compliance with the applicable airworthiness standards.

The equipment for which these provisions are intended are subjected to the limitations in the FAA approved  
Installation Instructions listed in the Approved Model List SA0273LA.

Prior to installation of this change/repair it must be determined that the interrelationship between this  
change/repair and any other previously installed change and/ or repair will introduce no adverse effect upon  
the airworthiness of the product.
