Approval Date: August 21, 2023

Issue Date: August 21, 2023

Responsible Office:

Québec

Aircraft/Engine Type or Model:

Bell 505

Canadian Type Certificate or Equivalent:

H-112

Description of Type Design Change:

Installation of Airfilm Utility Mount in accordance with FAA STC SR02804LA.

**Installation/Operating Data,
Required Equipment and Limitations:**

The Installation of Airfilm Utility Mount is to be performed, installed, maintained, and, operated in accordance with Airfilm Camera Systems following documents:

- Master Drawing List No. AFM-505-210, Revision B, dated May 12, 2022 *;
- Installation Instructions Report AFM-505-206, Revision B, dated May 12, 2022 *;
- Instructions for Continued Airworthiness Report No. AFM-505-208, Revision A, dated June 27, 2022 *; and,
- Rotorcraft Flight Manual Supplement No. AFM-505-205, Revision N/C, dated March 6, 2023 *.

* Or later FAA approved/accepted revisions.

Certification basis:

For affected and unaffected areas, the type certification basis of the original products as set for on type certificate H-112 remains applicable.

– End –

Conditions: This approval is only applicable to the type/model of aeronautical product specified therein. Prior to incorporating this modification, the installer shall establish that the interrelationship between this change and any other modification(s) incorporated **will not** adversely affect the airworthiness of the modified product.
