Dear Sirs:

**SUBJECT: ACCEPTANCE OF FOREIGN STC SR02297LA INSTALLATION OF NOSE
UTILITY MOUNT – BELL 212, 412, 412EP, 412CF ISSUED TO AIRFILM
CAMERA SYSTEMS**

This letter is in response to one dated March 22, 2011, that I received from Kevin Hull, Manager, Los Angeles Aircraft Certification Office, requesting Transport Canada approval of the subject STC on Bell 212, 412, 412EP, 412CF Rotorcraft.

In accordance with our current policy associated with the review of foreign STCs, some STCs applicable to certain categories of aircraft may be accepted solely on the basis of their foreign certification, and do not require the issue of a corresponding certificate by Transport Canada. The subject STC falls within these criteria.

This STC will be entered in the national index of STCs that have been reviewed and accepted by Transport Canada for installation on Canadian-registered aeronautical products.

This letter confirms formal acceptance of the referenced STC by Transport Canada.

Yours truly,
